WaterFixCoverLetter 093015 Jared edits.docx

Attachment Withheld Ex. 5 - Deliberative

I messed with it some more – moved a few things and made some comments. Please see what you think. I am with Connell in Sacto tomorrow – but could likely talk in the car in the morning before 10 or late afternoon. I have time with Jared in the afternoon on Friday, so I'm thinking by then we should be good to go with the next version by then. Thanks!!!!
